

Pharmacy Privacy Notice

Our pharmacists and their staff are members of your local healthcare team.

They aim to provide you with the highest quality of healthcare. To do this they need to keep records about you, your health and the care we have provided or plan to provide to you.

We know that you value your privacy and the security of personal information held about you.

Your access to the MyHealthHub App allows you to communicate directly with your pharmacy and to access certain pharmacy services. We hold the data you input into the App in exactly the same way that we otherwise hold your data.

Positive Solutions Limited ("PSL") acts as our processor in providing the App to you. This means that PSL acts in accordance with our strict instructions in how it handles your personal data on our behalf.

In providing the App to you and operating the App PSL also acts as a controller in respect of some of your personal data. This is different to the processing that PSL undertakes on our behalf. Please review PSL's [privacy notice](#) for more information about how PSL processes your personal data as a controller.
